ACCUSES CONGRESS OF GROSS FAILURE

Sweeping Charges of Congressional Misdoings Are Made by Samuel Gompers

RAPS VETO PRACTICE

Peace Treaty, Reconstruction and High Cost of Living Are Among the Failures Cited

Washington, April 25.—Sweeping charges that the present congress had failed the nation "with completeness and abandon" are made by Samuel Gompers, president of the American Federation of Labor, in the current issue of the American Federationist.

"America must get rid of its present congress and elect an American congress," he said. "These 'no' congresses must give place to 'yes' congresses."

The labor leaders asserts that congress has failed on the peace treaty, in reconstruction and the high cost of living, and that it also has "failed us in intelligent comprehension of every great question affecting the lives and welfare of our people."

The "sins of the present congress," he adds, "were of commission as well as omission" as there had been "almost an eagerness to do the wrong thing," the enactment of the railroad bill being cited as "shining example."

Must Abandon Peevish Ways.

"There must be a congress which will turn its face to the task of confronting the American citizenship in the true spirit of American institutions," Mr. Gompers said. "A constant genius for accomplishment must replace an ill considered mania for restriction and coercion.

"America cannot play forever the part of a peevish child in international relations. The affairs of the world are the concern of the United States. There may be proper limits to which this concern may go, but there is no longer any such thing as absolute disconcernment from what transpires elsewhere.

"The blind and bigoted action of congress in refusing to deal intelligently with the peace treaty has made it impossible for the United States to manifest the proper concern in these affairs.

Mexican Troubles Cited.

"On our own continent there is the same need. For weeks a senatorial sub-committee has been going up and down the country gathering testimony, the evident purpose of which can be but to inflame the minds of those who think little and who take much on face. At periods all too frequent the United States is brought to the verge of war with Mexico. It is not difficult to see the evidences of satisfaction on the part of the predatory interests at each of these periods, nor is it difficult to discern the propaganda which fosters the development of them.

"Falsehood, vilification, studied misrepresentation — these are the weapons constantly in use by those who, to serve their own ends, would precipitate war between these two American republics. It is no longer possible to feel with certainty that high government officials have not been made the tools and pawns of those who seek intervention, the latest term for which is Cubanization."

Establishes Record of Failure.

"At home, across our border and over the seas, congress has made for itself a record of failure, a record of stubborn opposition to that which is good.

"Democracy must mean equality of opportunity. It must mean the sovereignty of the masses. It must mean absence of domination by a select ruling class or cast or clique.

"Congress has done much in recent months to indicate hostility to these principles. Powerful forces in the United States are seeking to wound and cripple democracy. They don't want equality of opportunity. They want an unfair advantage in the industry of the nation, in the legislatures of the nation and in the courts of the nation.

Labor Speaks with Authority.

"When the labor movement protests against the pressure of those who would turn backward the tide of progress and deny the sunlight to lives but just emerging from the dark, it speaks with authority.

"The labor movement of America does speak and it must be heard. Where the effort is made in industry to crowd men and women backward and downward, we will resist and resist and resist, for it is better to resist and lose than never to have resisted. Where the effort is made in the hope of congress and legislatures we resist and resist and resist.

"We will resist with all our powers the re-election of those who have been false to the trust which humanity placed in them."

REJECT ITALY'S ADRIATIC PLAN

A Full Acceptance of President Wilson's Proposals Is Insisted Upon at San Remo

ANOTHER GERMAN NOTE

Agreement Between Premiers Millerand and Lloyd George Will Form Its Basis

San Remo, April 25.—The Adriatic question was brought before the supreme council this afternoon. The Italian premier, Signor Nitti, proposed a settlement that followed generally President Wilson's note of December 8. It varies, however, to include a constitution for the buffer state of Fiume, to which both the French and British premiers objected on the ground that it limited too greatly the character of the new state.

Premier Nitti pointed out that the Italian proposal was almost identical with that of President Wilson's. Nevertheless, after considerable discussion, both the French and British delegations said they could not accept it. They declared that Italy should either take President Wilson's plan or abide by that of the pact of London, which gives Fiume to the Jugo-Slavs.

Premier Nitti promised to give his decision tomorrow. The general belief is that he will prefer President Wilson's settlement to the pact of London.

Stiff Note to Germany.

San Remo, April 25. — The agreement between Premiers Millerand and Lloyd George concerning Germany was presented to the supreme council late this afternoon and will form the basis of a very stiff note to Germany which will be ready for signature tomorrow by Great Britian, France, Italy, Japan and Belgium. The United States will not sign the note.

Either the declaration or an authoritative condensation will be made public tomorrow. Mr. Lloyd George announced tonight.

"The document is the result of private conversation between Premier Millerand and me which resulted in complete agreement upon the policy to be adopted," said the British prime minister. "The document will be communicated to the press tomorrow and the public can then form its own impression."

Discourages Military Force.

Mr. Lloyd George, replying to questions, also said:

"We have discouraged the use of military means to enforce the treaty when not necesary to use them. My statement to the house of commons is perfectly clear. My view is that Germany should not be prevented from restoring order in Germany. The same thing happened in France in 1871 when Germany proposed to put down the commune. They objected because the intervention of foreigners would tend to make the commune popular. No one has the right to say we are not prepared to use military force to enforce the treaty."

It is understood from quite another source than Mr. Lloyd George that one extremely important point in the agreement between the British and French premier defines it to be in the interest of France to fix, at a meeting to be held early in May in a Belgian city, where representatives of the Allies will meet representatives of Germany, a global sum Germany must pay the Allies immediately. It is said that the Allies have tentatively fixed an annual payment of three billion marks, pre war exchange, for 30 years, as a suitable payment, but that the German government will be asked in the meantime to make the proposal of a lump sum.

Leave Armenia to U. S.

San Remo, April 25.—The supreme council is sending a formal request to President Wilson that the United States government take the mandate for Armenia. The council is leaving to President Wilson the arbitration of the differences over the boundaries of Armenia.

The council awarded a mandate for Mesopatamia and Palestine to Great Britain and a mandate for Syria to France.

There seems to be division on the part of the council as to whether the region of Erzerum and its vicinity should be includede in the territory of the Armenian republic. The Turkish nationalists are strongly claiming Erzerum for themselves.

500 French Troops Lost in Evacuation of Urfa

Constantinople, April 24.—(The Associated Press).—Five hundred French troops are reported to have been wiped out in the evacuation of Urfa, in the northwest part of Mesopotamia. Details are lacking.

American relief workers, among whom was Mrs. Richard Mansfield, are also reported as safe.

MEXICO WAGES FIGHT ON REVOLUTION CHIEFS

Draws Steel Ring About Rebellious Sonora, Meanwhile Crushing Other Outbursts

Mexico City, Mexico, April 25.—The developments of the last two weeks resulting from the Sonora revolutionary activities, show that the central government is preparing to encircle the rebellious state with a steel ring, meanwhile crushing sporadic outbursts in other parts of the republic with a strong hand.

A summary of the seditious activities in various sections of the republic since the northern state broke with the Carranza administration, together with the results of the government's military measures, has been issued by the war department officials two weeks after the open break between the Obregonistas and the administration, and is cited as proof.

Government official statements characterizing the Sonora outbreak as merely local is well founded. The long list of professions of adhesion to the central government from virtually every state executive and military leader except those who have openly joined the Sonora revolutionists, would seem to indicate that the republic as a whole is solidly supporting the present government.

Aside from the Sonora state government, only two state executives have repudiated the present administration, these being General Enrique Estrada, in the state of Zacatecas, and Pascual Oritz Rubio, in the state of Michoacan. Both of these executives, however, have failed to attract any great following and are being pursued by loyal forces.

The state legislature in Zacatecas has repudiated the attitude of Estrada and cited him for treason, while the Michoacan legislature has unseated Rubio and named Ramio Serrania Mercadam as his successor.

The situation in Sinaloa is considered uncertain relative to the rebellious activities as General Ramon Iturbe, governor of that state, has protested his loyalty and is using what force is available to check the incursion of the Sonora troops into Sinaloa until reinforcements can reach him.

The present whereabouts of General Obregon, the former war minister, who is slated for the presidency of Mexico by the Sonora rebels, and General Benjamin Hill, his campaign leader, is uncertain.

Los Angeles, Cal., April 25. — The city of Guayamas, Sonora, on the Gulf of California, was captured April 12, without a shot being fired, by 5,000 Sonora state troops commanded by General Angel Flores, according to Captain N. K. Jacobson of the Gulf mail steamer, Nehalem, which arrived at Los Angeles harbor today.

Agua Preim, Sonora, Mexico, April 25. — Another Pacific coast port of Mexico, Manzanillo, state of Colima, is menaced by revolutionary forces, according to an official bulletin issued by the Sonra military officials here tonight.

FEW STRIKERS OUT RAIL HEADS SAY

Chicago Reports Steady Return of Workers and New York Situation Is Again Normal

CLEVELAND EXCEPTION

Yardmen There Unanimously Agree to Continue Their Strike and Join New Alliance

Chicago, April 25.—While no further move was made by strike railroad workers in the Chicago terminal district to bring an end to the walkout in effect four weeks, the railroads announced that more strikers returned to work today and that the movement of live stock and fresh meat was normal.

Since the strike began 1,052 workers have returned to duty, a statement tonight by the railroads said, and 840 employes have been brought to Chicago from other points. Today's live stock receipts totalled 401 cars, an increase of 265 over receipts on the same day last year. In addition, 284 cars of live stock and 319 cars of meat were sent east.

Strikers Will Stand Pat.

John Grunau, head of the Chicago Yardmen's association, following his arraignment yesterday with 41 other strike leaders before United States Commissioner Mason said no more meetings would be called and no further attempts made to end the strike.

The strikers would be content to "sit tight at home," he said, until their demands were granted.

At a mass meeting representatives of 36,000 railroad clerks and freight handlers decided to await action by the railroad labor board on their demands for wage increases. Although strike action was discussed, the men voted to remain at work after four brotherhood leaders urged them to await the railroad board's decision.

A strike of 700 drivers employed by a transfer company virtually tied up baggage transfer business today. The men demanded wage increases of from 55 to 75 percent.

Metropolitan District Normal.

New York, April 25.—Service on the various railroads operating in the Metropolitan district was about normal today, according to officials of the railroads, who declared they had been able to handle the Sunday suburban traffic without difficulty, feeling no effect of the waning unauthorized strike. It was said that some of the roads now have all the men they need, but it will be a day or two before everything is running smoothly. Officials declare that a full complement of men soon would be available for all roads.

Edward A. McHugh, chairman of the strikers' executive committee, who announced yesterday that the engineers of the Lackawanna would go on strike tonight tonight said that he had heard nothing more of the rumor.

Commenting upon the action of the Brotherhood of Railroad Trainmen in dropping more than 40 locals as a result of the strike, McHugh said that in all probability the locals whose charters were revoked would organize a union of their own.

Cleveland Yardmen Obdurate.

Cleveland, April 25.—Members of the Cleveland Yardmen's association after hearing reports today of representatives whom they had sent to Washington to lay their demands before the railroad labor board unanimously agreed to continue their strike, and to join the new alliance of Yard Switchmen.

J. P. Foley, one of the representatives, told the men he had laid before the labor board the request that the yardmen be guaranteed a wage increase retroactive to April 23. He said the board will announce its decision tomorrow or Tuesday.

"I am very sure your demands will be met," Foley told the men.

No arrests of leaders or strikers had been made tonight.

MURDERER WIPES OUT WHOLE DAKOTA FAMILY

Hired Boy, Making Total of Eight, Also Victim of Mysterious Slaying

Turtle Lake N. D., April 25—Several clues were discovered here today by authorities investigating the death of eight persons, whose bodies were found on the Jacob Wolf farm near here yesterday, apparently the victims of a mysterious murder. Wolf, his wife, their five daughters and Jake Hofer, 15 year-old hired boy, were the victims.

A double barreled shot gun was found in a swamp one mile north of the Wolf farm today. The stock of the gun had been detached from the barrel and was floating on the water. Footprints in the mud on shore indicated a man had approached and thrown the gun into the water.

A pair of bloodsoaked overalls was found in the kitchen of the Wolf home. Yesterday a hatchet, with which it is believed several of the Wolfs were killed was found in the kitchen.

At the coroner's inquest, which began this morning, it was brought out that some of those killed were murdered with the hatchet and the others shot. Wolf and one of the two daughters, whose bodies were found in the barn, apparently had been shot. The others, it is believed, were attacked with the hatchet and their bodies thrown into the cellar.

John Brekken, a farmer testified that he had seen two suspicious looking men walking rapidly from the direction of the farm shortly after noon Thursday. The crime is believed to have been committed either Thursday or Friday.

Wolf was estimated to be worth between $25,000 and $30,000. He had often told friends he kept large amounts of money in a small safe at home and the authorities are considering the possibility of theft as a motive for the crime.

No arrests had been made early tonight, but officers said several persons were under surveilance.

Emma, eight years old, the only member of the Wolf family to escape death, is being cared for by neighbors. When found, she was lying in a cradle beside an open window.

TRY RECREATION HOUR TO BOOST EFFICIENCY

Smoking and Chatting Periods Are Introduced in Malboro Massachusetts Shoe Factory

Marlboro, Mass., April 25. — Smoking and chatting periods have been introduced at a local shoe factory in an effort to increase efficiency. Several ideas eliminating unnecessary processes have been adopted and other suggestions aimed at time-saving are being tried out.

Some of the operatives, it is said, did not take kindly to the experiments and were wondering dubiously what the next attempt of the management to obtain a short-cut to production would be. It came in unexpected form and the employes are now discussing the latest idea over their pipes and their knitting "on the company's time."

Their speculation over the next efficiency plan was answered by the following announcement: "Production must be increased. Quality must be improved. Beginning tomorrow, operations will be suspended twice daily to allow operatives to rest."

During these periods, which begin at 10 in the morning, and 3 in the afternoon, the power of the plant is shut off and the wheels are stopped while the men smoke and the women chat or knit. Then the whir of the machinery begins again and the workers return to their task of making shoes.

BUSY WEEK ENDS 1920 LAW SESSION

Long Day and Night Sessions Mark Closing of State Legislature

2.75 BEER BILL PASSED

The Measure Dealing With Telephone Rates Killed by the Senate

Albany, April 25. — After one of the most trying weeks in the history of any New York state legislature, the 1920 session came to a close shortly before 2 a. m. today. All exceedingly weary and some to the point of exhaustion, senators and assemblymen hurried to their hotels for much needed sleep, and it was not until late today that the general exodus from the capital of the lawmakers began.

The closing week of all sessions is strenuous, but this year it was more so than usual. Long day and night sessions, some of which lasted well into the morning hours, marked the final week. Leaders of both parties plainly showed the tremendous strain under which they had been subjected. Passage of the boxing and beer bills were features of the last days. The beer bill passed by the senate in the early morning hours of Saturday received favorable action in the assembly several hours later. The boxing bill of Senator Walker, which had been in the assembly rules committee, was reported out last night and passed by the lower house a few minutes later.

In the senate one of the final acts was to kill the Gibbs-Slacer bill designed to suspend increased rates by telephone companies pending a hearing. The Gibbs bill, amended, had passed the senate previously and after remaining in the assembly rules committee for some time, was returned to the senate in its original form. The senate again adopted its first amendment, but this killed the measure as a bill cannot be passed unless under an emergency measure from the governor, until it has been on the senators' desk for three days.

"The disciples of bourbonism and reaction effectively controlled legislative action," Governor Smith declared in a statement giving his views of the work of the legislature for the session. "The problems of the day remain unsolved and few measures of statewide importance were considered. Political expediency overshadowed public necessities."

One of the incidents which caused a laugh in the senate in the early morning hours was when Minority Leader Walker suggested to Lieutenant Governor Walker that he appoint the senator from the 47th as a committee to notify the assembly that the senate is about to adjourn.

The senator from the 47th district is George F. Thompson of Niagara, who recently was refused the privileges of the assembly because of his charge that liquor was much in evidence there the night of the Socialist ouster.

Lieutenant Governor Walker smiled at the suggestion, but did not carry it out.

GOMPERS WILL DEBATE WITH GOVERNOR ALLEN

Merits of Kansas Court Industrial Relations Are Basis of Challenge

New York, April 25. — Governor Henry J. Allen of Kansas tonight expressed his willingness to meet Samuel Gompers, president of the American Federation of Labor, in a debate on the merits of the Kansas court of industrial relations. Although it had been reported that he had accepted a challenge to meet Mr. Gompers in debate, Governor Allen said no such challenge has as yet been received by him.

The governor said he had received a challenge from a representative of the American Federation to meet Clarence Darrow, a well known lawyer, in debate, but that he declined the challenge and then suggested a meeting with Mr. Gompers.

Cleveland, April 25.—Samuel Gompers, through his secretary, announced tonight he had already sent his acceptance to debate on the merits of the Kansas industrial courts. The debate will be held the latter part of May in New York city. Governor Smith of New York will preside.

MORE IRISH HUNGER STRIKERS

Demonstrations Similar to Those at Mt. Joy Prison Are Held at Wormwood Scrubbs Bastile.

London, April 25.—Among the 150 Irish prisoners in Wormwood Scrubbs prison, a large number have been on hunger strike since Wednesday as a protest against detention without charge or trial. One of the men was released unconditionally Friday night in a state of collapse.

The London branches of the Irish Self Determination league today hastily organized a big demonstration outside the prison, thousands responding and tonight indulged in manifestations similar to those recently carried out at Mt. Joy prison, Dublin. The crowd sang patriotic songs and burned flares.

SHOWS CRIME WANES WITH LIQUOR ABSENT

State Enjoys Decrease in Convictions from 57,316 in 1918 to 55,359 in 1919

Albany, April 25. — There has been a general decrease in crime in New York state since King Jazz supplemented John Barleycorn, more or less, according to Secretary of State Francis M. Hugo. Statistics on crime, prepared by his office, show that while 57,316 persons were convicted in the courts in 1918, the number dropped off to 55,359 the following year.

Stenographers as a whole behaved better last year than the 12 months preceding, all but a dozen keeping out of the courts as compared with 16 in 1918.

Chorus girls and manicurists were 100 per cent perfect, in so far as court records go. Editors and printers did not make as good a record, however, two of the former and 46 of the latter having been convicted of crime. Of the many reporters, the name of only one is included in Secretary Hugo's crime list.

A big increase in the number of farmers who got into trouble is shown, 237 having been convicted as compared with 149 the year before. Machinists numbering 221, against 184, also appeared for sentence. Even the names of lawyers appeared on the list, eight having been unable to successfully argue to gain their freedom.

Albany, April 25. — More persons convicted of various offenses were on probation at the end of last year than there were inmates of all the correctional institutions of the state, says the annual report of the New York state probation commission made public tonight.

Of a total of 21,352 persons who finished probation terms last year, 79.6 per cent were termed "successful," 9.8 per cent were rearrested; 4.5 escaped from supervision during the probation period.

CITY CLERK DIES.

Glens Falls, April 25.—City Clerk Earl Hall died of acute heart disease in a restaurant their morning. Mr. Hall was chairman of the Republican city committee and a former deputy superintendent of elections of Warren county. He was 49 years old.

INTERNATIONAL BRIDGE BURNS.

Laredo, Texas, April 25.—Fire late today destroyed the International foot bridge connecting the United States and Mexico. All communication, including telephone service, was cut off. The loss was estimated at $300,000.

CAPTURED GAMBLERS AND POLICE HELD UP AND NEGRO SLAIN BY FIVE MASKED GUNMEN

New York, April 25. — Five masked gunmen held up two police detectives and 14 prisoners they had captured in a raid on a card game in a Harlem apartment today and in escaping, after the detectives opened fire, one of the bandits shot and mortally wounded Herbert Hayes, a negro elevator operator. He died later in a hospital.

Four detectives made the raid. After lining up their prisoners, two went out to call a patrol wagon, while the other two remained with their captives. Meantime the five bandits arrived in an automobile. They wore no masks when they entered the elevator, but put them on just before reaching the floor where they told the negro operator to let them off.

One of the bandits covered the negro with a gun and walked him down the corridor. The other four men went to the apartment and knocked. The two detectives within, thinking their brother officers had returned for the prisoners, opened the door. Pistols were thrust in their faces and the 18 men in the room were ordered to throw up their hands and each bandit, brandishing a revolver, began to search them.

As one of the robbers put his hand on Detective Ryan, the officer drew his pistol and fired. A fusillade of shots followed, but no one was injured. In the confusion, the robbers fled.

The negro ran for the elevator, and the bandit, who had been guarding him, opened fire. The bullet entered his stomach.

The two detectives pursued the gunmen to the street, but they escaped in an automobile. Shortly before this occurrence, five masked men, believed to be the same robbers, held up a car in Harlem and got away with $1,000.

AMERICAN HOCKEY TEAM BEATEN

Elimination Entirely from Olympic Tournament in Antwerp, Will Not Necessarily Follow

Antwerp, April 25.—(The Associated Press)—The Swedish hockey team defeated the French team in the Olympic hockey competition here this afternoon. The score was Swelen 4, France 0.

Antwerp, April 25.—The Canadian hockey team won the match with the American team in the Olympic tourney today by a score of 2 to 0.

Antwerp, April 25.—The losers in tonight's Olympian hockey match between teams representing Canada and the United States will not be eliminated entirely from the tournament, but will have a chance to compete for second prize.

HEAVY BATTING RULES IN AMERICAN LEAGUE

Offerings of National Pitchers, However, Evidently Prove More Mystifying

New York, April 25. — Heavy batting featured the American league contests last week when 10 or more runs were scored in 12 of the 18 games. The National league pitchers, with five shutout contests to their credit, were not so liberally scored upon.

The Chicago American champions continued to head their league with a clean record, winning four straight games, including a victory today over Detroit, which has lost all its eight games this season.

First place in the National league is shared by three teams, Cincinnati, Brooklyn and Pittsburgh. The Cincinnati world champions received a setback this week, dropping three games out of five. The Superbas took the lead Saturday, but their defeat today by New York held them back until the Reds and Pirates, who were successful today, caught up to them.

TENANTS SECRETLY ORGANIZE.

New York, April 25. — Twenty thousand tenants in the Bronx have organized a secret union for the purpose of fostering a movement to refuse to pay any rents, fair or unfair, after May 1, Arthur J. W. Hilly, chairman of the mayor's committee on rent profiteering, said he was informed by certain officials. The movement, he added, is fostered by radical agitators.

SUSPECT OFFERS ALIBI NAMING REAL MURDERER

Nice, France, April 25. — Frank Valuzzi, when arraigned before a magistrate today on the charge of having fired the shots that killed Lena Spinelli and Josephine Gentile in New York on March 7, declared he was a deserter from the American army and lived in Paris during March. The two women, he declared were killed by a person, whom he named as James Papaccio.

It was brought out at the hearing that Papaccio has a large tattoo mark on his right wrist, while Valuzzi has no marking nor evidence that he ever had such a mark of identity on his person.

UMPIRE CAUSES NEAR RIOT.

Indianapolis, Ind., April 25.—A near riot was called when Umpire Finneran forfeited the second game of a doubleheader between Louisville and Indianapolis association teams to Louisville here this afternoon. The Louisville club was making no efforts apparently to retire the opponents when fans began throwing cushions on the field. Umpire Finneran then ordered the contest forfeited and the fans swarmed down on the field. Special details of police had to be called to restore order.

CHINESE-AMERICAN BANK SYSTEM IS BEING FORMED

Shanghai, April 25.—A system of Chinese-American banks with proposed branches in the United States is now being put into operation in a number of Chinese cities. The new institution, the Chinese-American Commercial and Industrial bank of China, has grown out of a recent interchange of visits to America and China of leading American and Chinese financiers. Following, the opening in February of the main bank of the system at Peking steps were taken in March to open a branch at Shanghai and others, it is said, will be started without delay in Canton, Hankow, Tientsin and Chengtu.

J. A. Thomas, formerly managing director of the British-American Tobacco company in Shanghai, and Hsu En-yuan, a Chinese financier, are vice presidents of the institution. Mr. Thomas said the new system would be in complete operation by May 10.

SHIP PAINTERS RETURN.

New York, April 25.—A strike of ship painters affecting about 3,000 men in various yards in Manhattan, Brooklyn, Staten Island and Jersey City, officially has been called off and the strikers began reporting for work at the old scale of wages. They struck April 1 for an increase from $6 cents to $1 an hour.

MARKET FEELS EFFECT OF DISCOUNT ADVANCE

Forthcoming Rates Prove Overshadowing Feature With a Heavy Impression Generally

New York, April 25.—A general advance of discounts, which is likely, in the opinion of bankers, to assume wider dimensions, was the overshadowing feature of the week in the securities market, leaving its heavy impression on issues of every description.

The advance was more than local in its application and significance. Not only were rates of the federal reserve bank raised at leading eastern, western and southern centers, but the movement was followed by further curtailment of industrial and commercial funds.

Many problems connected with Europe's financial reconstruction continue to engage the attention of American bankers, including commercial credits to the former central empires. Their consummation is believed to hinge in large measure on the outcome of the San Remo conference.

Why Measles May Be Dangerous

This is No. 3 of a series of advertisements, prepared by a competent physician, explaining how certain diseases which attack the air passages—such as Pneumonia, Influenza, Whooping Cough, Measles or even a long continued Cold—often leave these organs in an inflamed, congested state, thus affording a favorable foothold for invading germs. And how Vick's VapoRub may be of value in this condition.

Few of us escape measles—it is one of the commonest of childhood diseases. Every mother knows the symptoms, but the mistake that most mothers make is in failing to realize that the child is not fully recovered after the eruption and fever disappear. The air passages are still inflamed and if this inflammation is not cleared up, the air passages may be weakened, thus paving the way for pneumonia or serious disease of the lungs.

Nightly applications of Vick's VapoRub will aid nature in relieving this inflammation. Because Vicks acts locally by stimulation thru the skin to draw out the inflammation, attract the blood away from the congested spots and relieve the cough. In addition, the medicinal ingredients of Vicks are vaporized by the body heat. These vapors are breathed in all night long, bringing the medication to bear directly upon the inflamed areas.

Children's digestions are delicate—easily disturbed by too much "dosing." Vicks, therefore, is particularly recommended since it is externally applied and so can be used often and freely without the slightest harmful effects.

Vicks should be rubbed in over the throat and chest until the skin is red—then spread on thickly and covered with hot flannel cloths. Leave the clothing loose around the neck and the bed clothes arranged in the form of a funnel so the vapors arising may be freely inhaled. If the cough is annoying, swallow a small bit of Vicks the size of a pea.

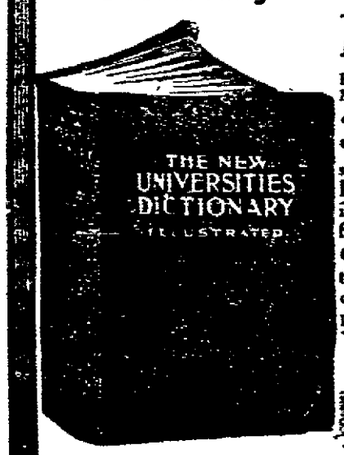

Samples to new users will be sent free on request to the Vick Chemical Company, 293 Broadway Street, Greensboro, N. C.

MARYLAND SOCIAL EVENTS.

John Burnside Celebrates Ninety-Second Birthday — Reception for Goebel.

Maryland, April 25. — A large number of friends and relatives of John Burnside gathered at the home of his daughter, Mrs. Charles Sibley, Friday evening to commemorate Mr. Burnside's ninety-second birthday. The evening was spent in playing games, dancing and other amusements. The host was presented with a beautiful Nippon cup and saucer. A dainty lunch was served, after which the guests departed wishing Mr. Burnside much health and happiness for the ensuing years.

Reception for Andrew Goebel.

A reception and banquet was tendered Andrew Goebel at the Maryland hotel Wednesday evening by the Knights of the Maccabees. Mr. Goebel, after residing in Maryland for the past ten years, has removed to Oneonta, where he is employed by the Oneonta Dairy company.

BIG EVENT AT UNADILLA.

Annual Banquet of Presbyterian Men's Brotherhood Takes Place May 13.

Unadilla, April 25. — The date of the annual banquet of the Men's Brotherhood of the Presbyterian church of Unadilla, which was originally planned for April 23, but necessarily postponed on account of the legislature still being in session, has now been fixed for Thursday night, May 13, at 6 o'clock. As previously announced, Lieut. Governor Harry C. Walker of Binghamton, Secretary of State Francis M. Hugo of Watertown and Superintendent J. E. McNeilhe of the D. & H., have signified their intention to be present, and now word comes that State Industrial Commissioner James M. Lynch of Syracuse, who has been ill and whose attendance was uncertain, will surely be on hand. Hon. Charles C. Fiaesca will be toastmaster.

Two Interesting Lectures.

Two very interesting lectures were delivered in the High school auditorium Friday afternoon when Dr. W. D. Johnson, of the State Department of Education, and Dr. Bowdish, of the State Department of Health, spoke before the townspeople about their respective work. The men came here through the efforts of Prof. B. W. Conrad of the high school.

FOREWELL FOR MANNINGS.

Reception Given West Oneonta Pastor and Wife Thursday Evening.

West Oneonta April 25. — Rev. and Mrs. C. H. Manning were given a farewell reception in the parlors of the Free Baptist church Thursday evening. A musical and literary program was rendered, after which refreshments were served in the church dining room. The evening was pleasantly spent by those present and all joined in wishing Rev. and Mrs. Manning success in their new field. Next week they leave for Sennett, where Rev. Manning will become pastor of the First Baptist church.

Move to Oneonta.

Mr. and Mrs. Charles H. White will move about May 1 to their new home recently purchased on Jackson avenue, Oneonta. Mr. White has been the station agent here for the past three years, Mrs. White assisting him. The public appreciates the kindness and courtesy of Mr. and Mrs. White and regret their leaving this village. Mr. White has accepted a position with the Nestle Food company in Oneonta.

SUDDEN WORCESTER DEATH.

Mrs. Frances Dingman Victim of Shock—Auto Club to Entertain.

Worcester, April 25. — Mrs. Frances Dingman died very suddenly at her home on Main street early Friday morning. Her death was caused by shock. Pending the arrival of relatives, the funeral arrangements have not been made.

The deceased was well known in this community, having lived here for many years, and was a member of the Baptist church. She has one daughter, Mrs. Charles Speroeck, living in this village.

Auto Club Entertains.

An entertainment consisting of music and movies was given by members of the Worcester Auto club at the Wieting Opera house Saturday evening. The Worcester band gave a concert before the show.

Leave for Kansas.

Mr. and Mrs. G. T. Bolman, who have been spending several months at the home of their daughter, Mrs. Deforest Goodell, started for their home in Atchinson, Kansas, Thursday. Mrs. Goodell and children accompanied them.

ENJOYABLE SOCIAL AFFAIR.

United Brotherhood of Carpenters and Guests Pass Pleasant Evening.

Cooperstown, April 25. — The United Brotherhood of Carpenters and invited guests, spent a social evening at K. O. T. M. hall, Cooperstown, on Friday evening, April 23. A very able address was delivered by Samuel Botterill of Indianapolis Ind., after which a roast beef supper was served by the members of the brotherhood. After the supper the rest of the evening was spent in games. The event was keenly enjoyed.

Up in Mabel's Room Next Monday.

Oscar Wilde, the famous English poet and playwright said, 'each man kills the thing he loves.' After you have seen 'Up in Mabel's Room,' the beauty farce which comes to the Oneonta theatre next Monday, May 3 for an engagement of one night, you will be convinced that every woman certainly likes to tease and torment the man she likes, especially if he is just married, and it will also annoy his wife. Poor Garry found himself in the hands of such ladies and in the force of the fatal chemise. Then the fun began. 'Up in Mabel's Room' was the biggest farce hit on Broadway last season. Mail orders are now being filled.

MILLER-STRONG DRUG CO.

ESTABLISHED JAN. 1912

According to the letter enclosed with the dividend checks for the Miller-Strong Drug Co. for the past quarter, each stockholder is entitled to buy within the period of ten days an additional amount of stock equivalent to about 13 per cent of what they already hold. Many of the stockholders have stated that they wish to subscribe to an amount in excess of their allotment and this privilege will be given them to the extent of the number of shares that are still unsubscribed at the end of ten days. The stockholders who are unable to purchase the amount of stock allotted to them will assist the company whose success they are interested in by transferring this purchase privilege to a relative or friend. This may be done by 'phoning this office or making a memoranda of the transaction on the stockholders' letter and mailing it to the address given below.

The remaining stock of this company will be disposed of very quickly and it will be impossible to obtain any more unless one is able to purchase some from an individual.

The preferred stock of this company is an excellent investment, well secured and paying 7% in four quarterly dividend checks. This stock is cumulative, non-assessable and cannot be recalled by the company at a time when it would be most desirable to hold

Practically all of the largest chain stores of the country were financed by selling shares of their capital stock to a great number of people. Those who saw the possibilities of an investment in these companies—purchased and have received their principal back many times over in dividends.

The unlimited opportunities of a drug store organization as worked out by the Miller-Strong Drug Co. will result in a greatly increased volume of business and an ever-increasing percentage of net profit.

The more than twelve years of practical drug store operation is a distinct asset of this organization, and the sound business policies of the retail druggists in charge of the affairs of the company assures without question the successful development of the business to large proportions.

ECONOMY IN STATE AFFAIRS.

There has been a great deal said in recent years about the consolidation of state departments, bureaus, commissions and so on, with a view of having a less number of independent heads, and more direct responsibility to the chief executive and therefrom more economy. These are the things which special commissions this year and other years for no little time back have advocated; and they are the things which for all the support they have received from thinking business men and students of government do not seem to get over with legislatures.

One reason for this, perhaps, is that the departments, commissions and bureaus do not desire to have their duties curtailed, their privileges abolished or their salaries cut off summarily. Naturally the officials have friends in the legislature, and appeals made to by them might have the effect in a way of reducing continuance of the present condition and the present offices.

This, at least, is the way the advocates of the single head state government put it, but there must be better reasons than are contained in a recent widely scattered circular which states that the consolidation therein urged would result in a saving of salaries amounting to $200,000 per annum. The saving referred to, it may have been a misprint, would be of course an important thing, but it is but a drop in the bucket of state expenditures, which yearly are becoming greater. The salaries should be saved, and the offices abolished if there is no need of them, or if departments overlap; but, most important of all, there should be saving in other expenditures besides the overhead. There has always been a disposition to look on public business in a different way from that which men regard their personal affairs, to be less cautious regarding appropriations and more lavish in expenditures when they come from the public and not the private purse.

Of course there is necessity at this time for increased expenditures in many, in fact in most lines. Higher wages for teachers is imperative if the teaching force of the state is to be maintained, and the same thing is true wherever there are men or women to be employed or material of any kind to be used. But for this very reason there should be the more caution. More employees than necessary should not be maintained, there should be enought but no more than enough of supervisory officials, there should be no new ventures or experiments where the necessity is not imperative, there should be wise oversight and careful consideration as to its necessity before new constructive work of any kind is undertaken. There may come a time, there doubtless will, when costs in all lines will be less; and for this reason it might be the wise thing to defer building or improvements to present buildings or state works wherever possible. And wherever there are too many employes in departments, with evident duplication of effort, there should be cutting down of forces, and this whether the state departments are consolidated or not.

In the end there will not doubt be the expected consolidation. It is in line with that efficiency which is everywhere and properly urged; but it is not necessary to wait on a wholesale reorganization of departments. Beginning now, the pruning knife can be used; and perhaps if used wisely enough revolutionary changes in administration might not be necessary.

Bulson Herd Test Clean.

The herd of pure bred Holsteins owned by C. M. Bulson and son of Schenevus was recently tuberculin tested under the accredited herd plan by Dr. D. W. Shaffer, federal veterinarian. The herd consists of 30 pure bred Holsteins, all raised on the farm and not one reacted, and there were no suspicious ones. This is the first pure bred herd in the county to pass its first tuberculin test clean. Individuality and large production has been the aim of the owners in selecting this herd, and the result of this test is very gratifying to them.

Lutheran Deaconess Speaks.

Sister Ruth Robeson, a Lutheran deaconess in charge of the girls department of a Luther seminary in Baltimore, gave an interesting recital of her work at the morning service in the local Lutheran church yesterday. Coming by special invitation of the Oneonta church, Sister Robeson told of the great work that the church was doing for young men and young women and her talk was an inspiration to all who heard it. She left last evening for the return trip to Baltimore.

Thousand for New Church Edifice.

At the morning service of the First Methodist Episcopal church on Sunday, the Tithers' association announced a donation of $500 toward the new church edifice fund, being $1,500 given by the association during the year. The official board also augmented the fund by $500, being part of the surplus remaining at the close of the year. The fund now amounts to $3,500.

When the Good Steed Passes.

Editor Star: Reference in the local column of The Star a few days ago to the sale at a nominal figure of the old mare in the Coy livery recalls a poem by Ella Wheeler Wilcox which under the title "Sold" forcibly brings to mind the emotions which may not impossibly pass through the equine mind when the horse beholds himself superseded by the motor car, as was Naboth in his vineyard by Ahab the supplanter. If one had proper vision of days past he might very well depict in words the emotion of the old carriage itself, descending to a lowlier duty after years filled with service at christenings and weddings and the last slow journeys that succeed them all. The poem by Mrs. Wilcox is as follows:

SOLD.

Out of the window I look from my stall
For the last time, and I see them all.
Master and mistress, and children dear,
That have loved and petted me many a year;
And for many a year it has been my pride
To give them pleasure in drive and ride.

Never a blow from my master's whip;
Nothing but kindness from hand or lip;
A well-kept stable and stalls of state—
And whatever means comfort for me and my mate.
Shining harness, and trappings of gold—
And blankets and bedding to keep out cold;
Oh! a beautiful life we have had, I say;
But now it is over; they sold us today.

A monstrous creature whose voice and breath
Bespeak it a herald of horror and death,
Has taken our place. In the curve of the drive,
Stolid and shapeless and unalive,
I see it standing. In stable and stall
They are widening doorways and moving a wall
To give it shelter. Tomororw we go
To a home and master we do not know.

We know not whither; we know not whether
We go divided or go together.
But we know we are leaving the things grown dear;
And we know a stranger will take us from here;
And stranger voices and stranger faces
Will make a desert of other places

Out in the driveway my master stands,
Petting his monster with eyes and hands,
While mistress and children the praises sing
Of a stolid and shapeless and senseless thing.
It makes no answer with whinny or neigh,
Yet we are to go and the Thing will stay.

Out of the window I look from my stall,
For the last, last time, and I see them all.

SEWING CLASS GRADUATES

Fourteen Members of Sewing Class Get Certificate of Proficiency at Woman's Club—Class Arranges to Decorate Grave of Mrs. P. R. Young, Founder of Work.

The graduating exercises of the Woman's club Sewing class were held Saturday afternoon at the club rooms on Chestnut street. Practically every member of the class, with their teachers and other members of the club, were present, and much interest was manifested alike in the exercises and in the exhibit of articles made by various pupils, of whom fourteen on Saturday completed the final years of their work.

The program of the afternoon began with two delightful bird songs by Miss Annie Waters, with Mrs. Jerry Wilson as accompanist. Later, Mrs. P. C. Briggs, the retiring president, spoke to the children of the work which they had done and of the opportunities which the future offers. Following, Mrs. M. C. Memstreet, the president-elect, complimented the girls for their fine attendance, for the quality of their work and for the zeal and earnestness with which it had been carried on.

The members of the graduating class are as follows: Bertha Govern, Emma Gardella, Della Gardella, Ruth Harrington, Mary Ammaruccio, Precious Bennett, Roasamon Delaney, Blanche Super, Anna Boran, Anna Wenck, Philomena Conte, Theresea Bostwick, Edith Oliver and Loretta Carey.

The total number registered during the year was 32, and those regular in attendance were 85. All the graduates at once enroll in the Bluebird club, the first meeting, for the season being held next Saturday afternoon. Through the courtesy and generosity of Mrs. George E. Moore, Mrs. G. S. Slade, Mrs. John Graney and Mrs. Jerry Wilson, each of the graduates was presented with a bluebird pin.

The Sewing class was organized ten years ago by Mrs. P. R. Young, then president of the Woman's club. In accordance with a suggestion made by one of the ladies in attendance and gratefully received by the members of the class, arrangements will be made by which the grave of Mrs. Young in the Glenwood cemetery will be appropriately decorated by the class members on Decoration day.

Much credit for the work of the year is due to the class officers and teachers, and also to the young pupils who, even in the blizzard weeks of February and March, were most faithful in attendance.

Oneonta Sales Agent.

James E. Feeny of Malone, formerly with the Kirk-Maher company of that city, has arrived in Oneonta and will assume charge of the sales department of the Oneonta Ice Cream company, introducing the Purity Ice cream to the trade in this section. Mr. Feeny comes with the hearty endorsement of the Kirk-Maher company. He is a popular Elk at Malone and it is believed will prove a success in this field. He will make his headquarters at The Oneonta.

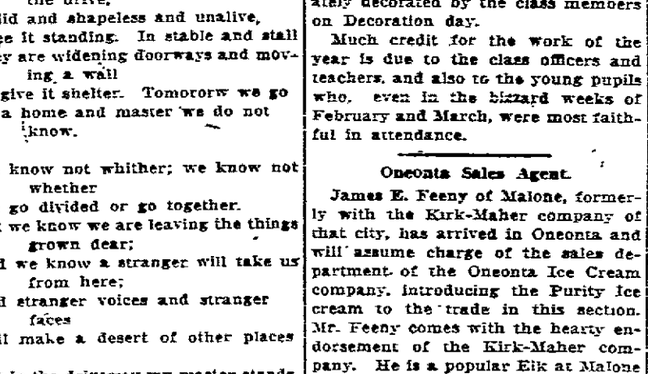

Pleased With Reception.

F. R. Kirk of Malone, president of the Oneonta Ice Cream company, was in the city over the week-end. In conversation with a Star representative, Mr. Kirk stated that the company was well pleased with the reception awarded its product by Oneontans and the residents of this section, and the outlook for the summer was bright.

PASSENGER TRAFFIC DELAYED.

Freight Wreck Near Cherry Valley Junction Saturday Ties Up Trains.

Derailment of eight freight cars, caused by a broken wheel on one of the cars, nearly one-half mile south of Cherry Valley Junction Saturday afternoon, tied up passenger and freight trains for several hours. The afternoon train from here to Albany did not reach the capital until 9:30, about three hours late. The two evening trains from Albany, due in Oneonta at 6:30 and 8:40, did not pull into the station here until around 10 o'clock.

In the derailment, several of the cars were thrown off onto the other track, so that traffic was completely tied up. Two of the cars were badly damaged, and the contents of all the derailed cars were scattered about the tracks. A brakeman, riding on top of the car on which the wheel broke, jumped from the car to an embankment on the east side of the track, and was unhurt. None of the other members of the crew were injured.

It took the wrecking crews several hours to reopen the tracks for service, and it was not until 2 a. m. Sunday that the northbound main was clear, while the southbound was open at 8 p. m. Saturday.

RECORD BREAKING CROWDS.

Greet Listen Lester at Oneonta Theatre Saturday Matinee and Night.

Listen Lester, the New York success which opened Mr. Hathaway's sumptuous new theatre in Binghamton on Thursday evening last, came to the Oneonta theatre on Saturday, playing to record breaking houses, both matinee and night, and judging from the applause and laughter, it pleased both audiences immensely.

The best work of the play was done by Gus Shay as William Penn, the hotel clerk, whose agility of his feet graceful bounding and tumbling about the hotel office was clever, with Joseph Mack as Lester a close second, the eccentric dancing being par excellence. Virginia Watson as Mary Dodge was petite and sprightly and she did good work, while the best singing was done by Luella Davis who did little but sing but did that well. There was much of comedy that was not overdone and enough of chorus girls and their lingerie to satisfy the tired business man seeking diversion.

LOSS NEARLY A MILLION

BIG PLANT OF CASEIN MANUFACTURING CO. AT BAINBRIDGE BURNS.

Concern Supplies Casein Glues in Many Forms to Various Industries —Had Over a Million Pounds of Casein in Buildings — Loss Well Covered by Insurance.

The extensive plant of the Casein Manufacturing company at Bainbridge was destroyed by fire Saturday morning, entailing a loss estimated between $750,000 and $1,000,000, the company having over 1,000,000 pounds of casein on hand with much added material in the process of manufacture and much valuable machinery, all of which is total loss. The company will suffer a heavy loss, also from the demoralization of business resultant from the loss of the plant, as it had many contracts to fill. The property was well insured, although no one in Bainbridge yesterday could give the amount of the insurance. The home office of the company is at 15 Park Row, New York city, and L. R. Schoerin is the president.

The fire was discovered shortly before 7 o'clock by the fireman then on duty and was located in the basement back of the boilers underneath the kiln rooms. The alarm was quickly given but the flames spread very rapidly and despite the best efforts of the company employes, the building was doomed when the village firemen arrived. Aid was quickly summoned from Sidney. The pressure was low and the building was soon in flames throughout. One of the fire fighters, Warren Smith, was quite badly burned about the head by lime, which spurted over him. It is thought that his eyesight will be saved.

The plant was located on the north side of the D. & H. railroad, east of the platform, and was 25 years ago erected as a sled factory. The interior had however, been entirely overhauled. It occupied a ground space of 150 by 400 feet and was a two story frame structure with attic.

The plant was one of the largest of its kind in the United States. It purchases dry milk curd from all over this and other countries and manufactures therefrom casein glues, which have had many uses, including the making of aeroplanes to the sizing on the coated book papers, etc. During the war, the plant was run to capacity on government contracts. The company had one other small plant, located in Illinois, which will be utterly unable to care for any considerable part of the business in this emergency.

Manager Andrew Dunham already has one other building in Bainbridge secured and is negotiating for a second in which to install new machinery and continue the business there at least temporarily. President Scheerin of New York city was in Bainbridge yesterday and the force of 30 men will be kept at work. The company has at least fully a million pounds of casein enroute to Bainbridge now.

ACCEPTS WEST ONEONTA CALL.

Rev. Dr. Miner Returns Sunday to Former Free Baptist Charge.

Many friends in this city and vicinity will be interested in the announcement that beginning on Sunday, May 2, Rev. M. D. Miner will return to the pastorate of the West Oneonta Free Baptist church, which ten years ago he resigned to accept a charge in New England. His resignation at that time was for the purpose of educating his children in an eastern college; and last fall he returned to Oneonta and with his family has since resided on the Plains. During the past seven months he has acted as regular supply for the Presbyterian church at Guilford Center, where he preached his last sermon yesterday.

The present week he will remove to the West Oneonta parsonage, and as above stated begins his second pastorate in the church edifice, which during his earlier term of service was 15 years ago built and dedicated. It is his hope to greet all his old friends in the West Oneonta church next Sunday morning.

Hundreds Out for Arbutus.

The hills and glens about Oneonta were populous with visitors yesterday afternoon out to enjoy the delightful spring air and chiefly perhaps to gather the trailing arbutus—the Mayflower of New England. This fragrant flower, owing doubtless to the deep snows, wintered well, and there is an unusual abundance of it this spring. In this connection, however, a citizen was led to remark that far too little care is taken in gathering the blossoms, many persons carelessly pulling up the entire vine, and thus destroying the hope of the future. A lover of nature should look beyond the present hour, take the blossoms and a reasonable amount of the foliage only and thus secure for years to come the permanence of the plant. If this is not done, the arbutus will eventually become extinct, like the passenger pigeon.

The contribution to the building fund for the Colored church of Oneonta of $10.50, given by the people of Milford iead by Rev. N. E. Ripley, was turned over Saturday to Leslie Bagg, building treasurer. Jennie E. Anderson, pastor. advt. 1t

BARNARD BAKESHOP IN TOWN.

Concern Rents Store Occupied by A. H. Ingerham and Will Open June 1.

R. H. Barnard, president of The Barnard Bake Shops, Inc., came to Oneonta Friday from his home in Binghamton and while here completed arrangements for the location of one of the bakeshops in this city. He has rented the store at 154 Main street conducted as a barber shop and tobacco and news store by Arthur H. Ingerham and will be given possession June 1, when he expects to have the shop in operation. The Barnard bakeshops are conducted with success in a number of cities over the state, including Binghamton and Elmira, and Mr. Barnard expressed himself yesterday as pleased with the outlook in Oneonta.

Differing from most bakeries, the Barnard shops do all their work in the show window of the store, in full view of the public. Every known way to produce sanitary goods is employed and the shops are a model of cleanliness. Gas is used in all the shops and helps add to the cleanliness.

Mr. Ingerham, who has conducted his store at this location for several years past, was silent yesterday when asked as to his plans for the future, which he said he would announce later.

BAR ASSOCIATION MEETS.

County Attorney Kilkenny Reads Interesting Paper on Assessments.

The April meeting of the Oneonta Bar association was held Friday evening at the Windsor hotel. Fifteen members were present and as guests Hon. A. L. O'Connor of Hobart and F. C. Keyes esq. of Laurens. Following a fine dinner served by Landlord Swart, the association adjourned to the hotel parlors, where the members had the pleasure of listening to a paper by D. J. Kilkenny esq., county attorney, which had for its theme "Assessments, Levies and Collection of Taxes." The paper was both excellent and timely, in view of the movement inaugurated for 100-per cent assessments, and had the close attention it fully deserved.

Crowd Turns Out to Greet Band.

There was a crowd variously estimated from 750 to 1,000 persons gathered at the Oneonta station Sunday evening, waiting to greet the Johnson City band and orchestra, with Harold Albert as leader, which after a week spent in Troy, Gloversville, Amsterdam and Albany, was on its way home, and which, it had been announced, would give a 15-minute concert on the arrival of the train. Unfortunately the train was nearly an hour late in arriving and halted only long enough to discharge passengers and baggage. Short as was the time the band rendered one excellent number and departed amid the cheers of Oneontans, many of them personal friends of Mr. Albert, their former townsman.

Commercial Travelers Dance Friday.

Final arrangements have been made for the annual dance of the local Commercial Travelers, to be held next Friday evening at the state armory. The committee in charge of the affair has been putting forth much effort to make it a success, and in order to please both old and young, some of the old-time square dances will be put on, as well as the more modern steps. The dance will be informal and promises to be a pleasant social event.

As only a limited number of tickets now remain unsold, Commercial Travelers planning to attend should make provision at once. They are in the hands of most members, as well as of the entertainment committee.

ATTRACTIVE PROGRAM ARRANGED

Feature Vaudeville Acts and Photoplays Will Be Given at Oneonta Theatre for Benefit of Police Pension Fund.

"Entertainment and fun for the whole family" is the slogan for the performances to be given at the Oneonta theatre the first three day of this week for the benefit of the pension fund being raised by the city police department. Manager Moore has arranged for an especially attractive program which alone is worth more than the price charged, and as the cause is a worthy one, it is hoped that the public will extend a large patronage.

Three big acts of Keith vaudeville have been secured for this event. They are "The Three Belmonte Girls," a variety dancing act, William Cahill, advertised as "the man from Ireland in songs and stories," and "The Berkeley Four," a comedy singing quartet.

In addition to the vaudeville acts, feature photoplays will be shown each day. Today's picture will be "The Lottery Man," featuring Wallace Reid, a star that is very popular among Oneonta movie fans. Tomorrow, Taylor Holmes will appear in "Nothing But the Truth," and on Wednesday Robert Warwick in "In Mizzoura."

Three performance will be given each day at 2:30, 7 and 9 p. m. The matinee prices are 17 and 28 cents and the evening 17, 28 and 55 cents. Oneonta's police force is made up of faithful men who without difficulty could secure higher pay elsewhere, and it is felt that it is the duty of the citizens of Oneonta to make provision for their welfare when they become aged or are kept away from their work by illness.

NEW WORLD MOVEMENT BEGINS.

Oneonta United Presbyterians Raise Nearly $6,200 in One Day.

The sum of $6,198.50 was raised yesterday in the first day of the campaign in the local United Presbyterian church, as was anounced last evening by the campaign director. This is a good start on the part of the Oneonta church toward its share of the $16,715,208, which the United Presbyterian churches of North America will raise to carry out the program of the New World movement. The leading team in the canvass, headed by W. E. Hastings, reported a total of $1,099. The total number of subscribers secured was 120.

DEATHS.

Mrs. Christina LeSuer.

Christina Albrecht, wife of the late Alfred LeSuer of Wells Bridge and mother of Dr. W. J. LeSuer of this city, died at noon Friday, April 23, at the home of her daughter, Mrs. DeLost Gerowe of 112 Walnut street, Binghamton. Her death followed about fourteen weeks of serious illness, and for some time her life had been despaired of.

There will be prayer service in Binghamton at noon today, and the body will be brought to Otego by auto, where the funeral will be held at 2 p. m. at the Sand Hill church. Rev. C. C. Volz will officiate and interment will be in the Sand Hill cemetery beside her late husband.

Mrs. LeSuer was born in Hanover, Germany, seventy-six years to a day before the day of her death, and when a child, came with her parents, Mr. and Mrs. William Albrecht, to New York and later to Unadilla, where Mr. Albrecht was a tailor for many years. She was married May 30, 1862, to Alfred LeSuer, who died about six years ago at Wells Bridge. She was well known in Oneonta, where at one time the family resided, and where she had spent much of her time since the death of her husband. She was a member for many years of the Methodist Episcopal church, and had many friends here and at her home at Wells Bridge, who will regret her death.

Besides the son and daughter above named, Mrs. LeSuer is survived by six brothers, Fred and Milo of Unadilla, Henry, John and Lloyd of Sidney and Alfred of Afton, also by one sister, Mrs. Joseph King of Mexico, this state.

Mrs. Adelbert Palmer.

Mrs. Adelbert Palmer, wife of a dry goods merchant of Bainbridge, died at her home in that village Saturday afternoon after a long illness, aged about 65 years. It is though that her demise may have been hastened by the fire at the Casein plant, mentioned in another column, which was located near her home. She was the last member of the Bartlett family in that locality.

Return From South.

Mr. and Mrs. Carr W. Peck, who had been making an extended stay in Florida, arrived in the city yesterday. They shipped their car by water from Jacksonville to New York city and motored from there to Oneonta. THIS NURSE ADVISES

Women Who Are Ill To Take Lydia E. Pinkham's Vegetable Compound.

East Rochester, N. Y.—"I have used Lydia E. Pinkham's Vegetable Compound for several years and think it fine. I am a practical nurse and when I get run down and nervous I take the Vegetable Compound. I also have trouble with my bladder when I am on my feet and Lydia E. Pinkham's Sanative Wash relieves that. I have recommended your medicine to several young ladies who have all benefitted by it."—Mrs. Agnes L. Bellows, 306 Lincoln Rd., East Rochester, N. Y.

Young women who are troubled with painful or irregular periods, backache, headache, dragging-down sensations, fainting spells or indigestion should take Lydia E. Pinkham's Vegetable Compound. Thousands have been restored to health by this root and herb remedy.

JUST A WORD ABOUT

MOTORLIFE

FIRST—Do not compare it with the many so-called "Gas Savers" on the market.

SECOND—It contains no acids, ether, camphor, nor anything that will injure the most delicate metals. A chemist's certificate proves this.

THIRD—It is a High Grade lubricant with a Carbon Solvent. It Lubricates to top of cylinders, preventing carbon from seating, thus getting maximum efficiency of motor, resulting in a

25% TO 50% INCREASE IN MILEAGE

ONLY A FEW DAYS MORE OF OUR UNRIVALLED DICTIONARY OFFER

A word is the symbol of an idea. One may have the most original and forceful ideas—but without words to express them, they are utterly valueless. It might be said that there are no new ideas under the sun. In the earliest recorded writings from the Sanskrit, the Chinese, the Hebrews, the Greek or the Latin tongues, we find the same thought again and again. It is the expression only, that varies. Each age, each nation must evolve its own form of expression, or symbolism in its literary art. The universal mind in this way frees itself by the individual genius which has caught its meaning. Thus words may be said to be the tools of thought. Word study therefore, is one of the most important elements of education. And the dictionary which gives the derivation, the different shades of meaning, the transition in modes of spelling; in short, the history of the word, is one of the indispensable workshop for the worker in words. Among all the eras of dictionary making, the present excels. And there is no excuse for anyone not to possess a valuable dictionary. The New Universities Dictionary, now being distribution by this paper is easily chief among the dictionaries of its class. Our distribution has been wide and far-reaching. We only regret that the time draws near when we can no longer get this wonderful book for our readers, on the terms hitherto prevailing. We hope that those who have not yet gotten it, will avail themselves of the unusual opportunity presented today. The coupon published daily in our columns explains the method of acquiring it.

HOW TO RAISE BABY CHICKS

Put Avicol in the drinking water.

Most people lose half of every hatch, and seem to expect it. Chick cholera or white diarrhoea is the trouble. The U. S. Government states that over half the chicks hatched die from this cause.

An Avicol tablet, placed in the drinking water, will positively save your little chicks from all such diseases. Inside of 48 hours the sick ones will be as lively as crickets. Avicol keeps them healthy and makes them grow and develop.

Mrs. Vannie Thackery, R. F. D. 3, St. Paris, O., writes, "I had 90 chicks and they all died but 32. Then I commenced on Avicol and haven't lost any since. They have grown wonderfully."

It costs nothing to try Avicol. If you don't find that it prevents and promptly cures white diarrhoea, chick cholera and all bowel diseases of poultry, tell us and your money will be refunded by return mail. Avicol is sold by most druggists and poultry remedy dealers, or you can send 25c or 50c today for a package by mail postpaid. Purrell-Dugger Co., 609 Columbia Bldg., Indianapolis, Ind.

RETURNS ON FUNERAL SHIP

BODY OF HAROLD F. TURNER WILL ARRIVE THIS WEEK FROM FRANCE.

Remains of Promising Young Man Who Gave His Life for Country Will Be Laid to Rest in Glenwood Cemetery With Appropriate Ceremonies.

Mr. and Mrs. Thomas Turner of 126 Chestnut street, whose grief over the death of their son in France has only been brightened by the assurance of the government that his body would be returned to them, received the following gratifying telegram Friday.

"Body of Private 1-c Harold F. Turner will arrive at army pier Hoboken, about April 29. Will be shipped to Oneonta at government expense at the earliest practicable date. You will be telegraphed date of shipment. Please telegraph confirmation and shipping instructions to Graves Registration Service, Hoboken, N. J."

Harold Turner, who was practically a life-long resident of Oneonta and a model young man, died in France of bronchial pneumonia on September 20, 1918, when not yet 20 years of age. He enlisted in the army when still little more than a boy but did a man's size job and made the supreme sacrifice for his country.

Last summer, when the parents of deceased soldiers were notified that the remains of their loved ones would be brought back from France if they so desired, the Turners at once notified the government of their wish that Harold's body be returned, and in order to be prepared for the sad homecoming of the son that went away in the glory of youth, a burial crypt was prepared by Dauley & Wright in Glenwood cemetery, where the body will repose.

When Mr. Turner receives definite assurances as to the date of the arrival of the body, he will probably go to Albany to accompany it home. The government sends a military escort with each body, no matter how far distant its destination. The ship on which Harold's body will arrive is believed to be the first funeral ship from France and will carry about 300 bodies. About two weeks ago a ship arrived from England with 87 bodies, among them the remains of Private William H. Brophy, brother of John J. Brophy of Oneonta.

It is not improbable that some suitable arrangements will be made for the reception of the body when it reaches Oneonta, and the American Legion will probably furnish an escort. A memorial service may also be held. The silent return of one of Oneonta's sons who aided his country during its great need will not go unnoticed.

MEETS FRIGHTFUL DEATH

Guy A. Moore, Bainbridge Young Man, Killed When Revolving Shaft Catches Clothing at Dry Milk Plant in That Village.

Guy A. More, a young man aged 16 years, of Bainbridge, met a frightful death Saturday afternoon, about 2:30 while employed at the new building at the Dry Milk plant in that village. He was engaged in tending masons and while moving along a temporary platform near the end of a revolving shaft the latter caught in his denim dicky and he was whirled about until his lifeless body dropped to the concrete floor below badly mutilated, one arm being torn from the body and the other off between the wrist and elbow. The body was otherwise mangled.

Mr. Moore was the son of Mr. and Mrs. Edward N. Moore, who removed to Bainbridge from Afton about three months ago, and had been employed at the plant most of the time since. The Dry Milk concern is a subsidiary of the Casein Manufacturing company the plant of which was destroyed by fire earlier in the day. Besides his parents, he leaves a sister, Bernice, a brother, Usher, and a half-brother, Harry L. More, residing in the west.

The funeral of the young man is to be held this (Monday) afternoon at 2:30 o'clock from the Methodist Episcopal church at Bainbridge with interment in St. Peter's cemetery. Rev. R. F. Lesh is to officiate.
